PROFESSIONAL EXPERIENCE

UI/UX Designer & Front-End Developer | Compassion Canada 2024 - Present | Remote

- Improve public website, fundraising campaign landing pages and supporter-facing experiences with responsive, user-centered interfaces.
- Contribute front-end implementation using HTML, CSS, JavaScript, WordPress, utility-first styling and Cloudinary assets.
- Improved e-commerce-style gift browsing and supporter journeys for Gifts of Compassion, including gift discovery, navigation, filtering, sorting and responsive mobile interactions.
- Apply WCAG/AODA accessibility practices, semantic structure, keyboard interaction and cross-device/browser QA.
- Produce reusable UI patterns, wireframes and implementation-ready designs; coordinate stakeholder feedback in Agile workflows.

UX Designer | Superna Oct 2023 - Aug 2024 | Ottawa, Canada

- Redesigned enterprise SaaS application screens to improve information hierarchy, visual consistency and usability.
- Delivered Figma prototypes and developer-ready specifications; collaborated with product and engineering teams in Scrum.

UX Lead | Viniideas Technologies Jan 2022 - Oct 2022 | India

- Led UX/UI improvements for web, mobile, cloud, ERP and CRM products; defined user flows, wireframes and prototypes.
- Guided discovery, usability validation, accessible design and consistent developer handoff.

Senior Software Engineer - UX/UI | Quest Global Engineering Jan 2021 - Dec 2021 | India

- Improved dashboards and responsive application workflows for a global IoT product team.
- Created wireframes, personas and prototypes using Figma, Sketch and Adobe XD; collaborated in Scrum delivery.

EARLIER EXPERIENCE

UI Specialist | Speridian Technologies Apr 2015 - Jan 2021 | India

- Designed responsive enterprise web/mobile applications and dashboards for connected-machine and connected-roadway solutions.
- Audited interfaces against WCAG 2.0 AA and Section 508; supported front-end HTML/CSS implementation.

Web Designer | 3E IT Solutions Mar 2014 - Apr 2015 | India

- Created high-fidelity Axure prototypes and responsive interfaces informed by UX research and stakeholder feedback.

Web Designer | Extolution Software Feb 2013 - Feb 2014 | India

- Designed HRMS interfaces, information architecture, localized websites, mobile UI and journey maps.

Web Designer | Cerps Technologies Feb 2012 - Feb 2013 | India

- Created web/mobile mockups, wireframes and reusable prototypes; contributed to usability testing.

SHOPIFY PRACTICE PROJECT

- Personal Shopify practice store | Store setup, theme installation and customization, product listings, collections, navigation, and storefront / landing-page edits.
- Applied HTML, CSS and JavaScript changes; configured payment, shipping and checkout settings; worked on SEO, mobile responsiveness and storefront speed.

EDUCATION

Bachelor of Computer Applications (BCA) | Mewar University, Rajasthan, India

Diploma in Visual Media & Animation | Image Infotainment
